International Climate Protection Fellowships

For young climate experts from transition and developing countries interested in conducting a project in Germany

The fellowship allows future leaders to spend a year in Germany working on a research-related project of their own choice in the field of climate protection. Fellows are free to choose their own hosts. Submit an application if you come from a non-European transition or developing

country and are involved with issues relating to the scientific, engineering, legal, economic or social aspects of climate change. Up to 20 fellowships will be granted, funded under the Federal Environment Ministry's International Climate Initiative.

The closing date for applications is **15 March 2014**. The fellowship will commence on 1 March 2015. For detailed information please visit: www.humboldt-foundation.de/ICF

Requirements

- Bachelor's or equivalent university degree completed less than 12 years ago
- theme-related professional experience or further academic or professional qualification
- mentoring agreement signed by a host in Germany
